

—We learn that there is a disposition upon the part of bolting republicans to help the democrats defeat all the republican nominees for county offices. As we have fully about 3,000 majority to overcome, it will be observed that success can not be achieved on wind alone.—*City Times*.
The "disposition" spoken of by the Times is confined to the democratic party, and the Times is about right when it places the majority to overcome at 3,000. There is not a republican in Rock county fit to hold an office who will make himself such a fool as to engage in such a "forlorn hope." The "disposition" will end, in "wind alone."

—Tom. O'Donnell was arrested this afternoon by Marshal Hogan and Sheriff Harper, charged with stealing a fine gold watch and chain from a traveling man. O'Donnell is now in jail. It appears the stranger arrived in the city this morning, and Marshal Hogan sent him to Holby's

near the depot, where the stranger took his money, and then took a stroll through the city, falling in with Doucett. They found their way to "Greenland," where they went in bath-robe, and while so doing O'Donnell suggested, took the watch and was making his way towards Woodruff's farm, when a marechal and sheriff, who were "on to" the racket, captured him, recovering the watch.

—Bro. A. O. Wilson, of the City Times, is also clerk of the board of education, and knows what he is talking about, says in this week's Times:—"The fall term of the public schools of this city will begin on Monday Sept. 8th, at 9 o'clock a. m. During the vacation the committee on buildings have made great efforts to improve the school property, which was in a dilapidated condition, and least \$5,000 could be judiciously expended on the public school buildings of grounds, and the sooner it is done the better. The first ward and Central school buildings have been painted on the outside and present a fine appearance, at all the buildings required painting at the inside and outside; and besides the school grounds need to be graded and surfaced."

The Racine Fair.
Special to the Gazette.
Racine, Sept. 4, 1884.
The malicious dispatch in this morning's Sentinel that Jay-Eye-See and his allies would not be at the Racine fair of exposition, is false. Both horses are now on the ground, and will trot to-morrow (Friday) to lower the record. The track is in splendid condition; weather good; attendance immense.

J. I. Case, President.
R. R. R. Torrey, Secretary.

The above is the certificate that the noted drivers will be in Racine to-morrow, and those who wish to see them will not be disappointed in going to Racine.

Beloit Water Works.

The Beloit Free Press says that work will soon be resumed on the Beloit water works. Mr. Grey, who contracted with the city to put in the works, on a plan which the city was to pay six-month-a-year for fire-hydrants; commenced over a year ago, and after doing considerable work, was stopped, and the people of Beloit seemed to think that the question of completing the works was for the remote future to decide. The Free Press now says: "Arrangements have been tactically perfected with Mr. Flannery, Philadelphia, and other eastern contractors, by which the work will be begun at once, and carried forward this to the extent of laying at least two and a half miles of main piping, enough to cover the business or manufacturing portions of our city, and if there will be a late fall, even more than this is possible. To arrange for this there has been necessarily a large amount of preliminary details to minutely adjust, owing to the complications arising from the failure of Mr. Grey to perform his part of the contract entered into with him by the Water Works company. That matters have at last been adjusted so that the work can be resumed under other and more favorable contracting auspices than Mr. Grey's, and our citizens are greatly indebted to the energy and untiring zeal of Hon. John Mackintosh, President of the Water Works company, who has persistently labored to effect what at last has been secured. It is now here we doubt that before cold weather compels a cessation of operations at business locations of this city will be provided with as good fire protection as is enjoyed in any city in the west can boast, and at before the close of the summer of 1885 the whole works will be completed."

It is vain attempts to eradicate blemishes of the teeth, but buy ZOZODONT at once and apply it vigorously. Never fear it will hurt the enamel of your teeth like the various vanes may have used. On the contrary it will keep the teeth intact under them bright and perpetuate or restore the health of the month's interior. Retard decay and stay time's degrading finger with rejuvenating, pleasant and wholesome ZOZODONT.

The official record that Mr. Williams has made for himself at his Evansville home will insure a handsome complimentary vote in locality. The Madison Rally.

There were between twelve and fifteen torch bearers in the procession at Madison last evening, and some half a dozen bands of music. Grace Church Spire.
(Brooklyn, Eng.)

The new Grace church spire seen from the Broadway presents a very beautiful appearance, in which solidity and lightness are fully, delicate grace are happily united. The spire in the city commands such a view, that it is not surprising to find it the object of a moonbeam. Near by its tiered turrets and sculpture are visible, refined and suave carved ivory or lace work in marble, forming a reminder of the embroidery of the Taj Mahal. On its completion it will be one of the most beautiful architectural features in the city, happily substituting the old minaret which it displaces.

Oh, four-and-twenty carols fine
The gold of that friend's love,
Who, when his presence lacketh mine,
Doth still, as in it, move.

No smile, or look, or wily word,
So jarring with my heart,
As brought by chance, I saw a friend,
A pang would bite me smart.

THINK OF IT.

Why buy either of the Baking Powders now waging such a newspaper war, when **BY THEIR OWN CHEMISTS** certifies they contain

ALUM,
LIME,

A little reflection will convince any housekeeper that where there is so much cry by their manufacturers of adulteration, it is time to leave those brands of Baking Powder alone, and buy that which the tests of the kitchen as well as the guarantee of the manufacturers is evidence of its purity. When you buy a can of Baking Powder, take the well known
